IS PINKBERRY YOGURT KOSHER?

Pinkberry is proud to offer kosher certified frozen yogurt and Greek yogurt. All of Pinkberry's yogurt flavors are made with kosher ingredients and are certified kosher in their sealed containers by Orthodox Union (OU), one of the most recognized and trusted kosher symbols. This certification covers our frozen yogurt only and does not cover the retail establishment.

OU Kosher is the world's largest and most widely recognized kosher certification agency, certifying more than 500,000 products produced in over 6,000 plants located in 80 countries around the world. To learn more about OU, visit their website at www.ou.org

WHAT IS KOSHER FOOD?

Kosher foods are those that conform to Jewish dietary laws, the body of Jewish law dealing with what foods can and cannot be eaten and how those foods must be prepared.

Contrary to popular misconception, rabbis or other religious officials do not "bless" food to make it kosher. There are blessings that observant Jews recite over food before eating it, but these blessings have nothing to do with making the food kosher. Food can be kosher without a rabbi or priest ever becoming involved with it – the vegetables from your garden can be kosher. However, in our modern world of processed foods, it is difficult for Jewish people to know what ingredients are in their food and how they were processed, so it is helpful to have a rabbi examine the food and its processing and assure kosher consumers that the food is kosher.
